Sir,

This is a Petition to Accept an Unintentionally Delayed Claim for the Benefit of a Prior Application pursuant to MPEP 201.11. Applicant hereby submits the following:

- A. The surcharge of \$1,370.00 under 37 CFR § 1.17(t).
- B. The below signed Practitioner, Russell E. Fowler II, of the firm of Maginot, Moore & Beck LLP, does hereby state and attest to the following:

1. Practitioner has submitted to the examiner a request for an amendment for the above identified patent application, U.S. Patent Serial No. 10/672,527 (hereinafter referred to as the "527 patent application"), identifying provisional patent application number 60/352,452 as a prior application for which benefit of priority for the '527 patent application is claimed.

2. The entire delay between the date the foregoing claim was due under 37 CFR § 1.78(a)(5) and the date the request for an amendment was filed was unintentional.

In view of the above, the Practitioner hereby requests that this petition to accept an unintentionally delayed claim for the benefit of a prior application be granted.

Respectfully submitted,
